## Professional Summary

Experienced Full Stack Web Developer with over three years of hands-on expertise in JavaScript, Node.js, Express.js, React, MongoDB, PostgreSQL, and PHP. Adept at creating robust web applications, building APIs, and integrating payment gateways. Highly motivated and ready to contribute to a dynamic team environment.

## Key Skills

- Programming Languages: JavaScript, HTML, CSS, PHP
- Frameworks & Libraries: React.js, Node.js, Express.js
- Templating Engines: EJS, Pug
- Databases: MongoDB, PostgreSQL
- Tools & Platforms: Git, npm
- APIs: RESTful API development
- Soft Skills: Problem-Solving, Attention to Detail, Communication, Teamwork, Adaptability, Time Management, Creativity, Analytical Thinking, Initiative

## Technical Projects:

### Sticknotes Web App

- Description: A dynamic note-taking application created with React.js.
- Key Features:
  - State management using hooks such as useState.
  - Components for adding, deleting, and displaying notes (Header, Footer, CreateArea, Note).
  - Real-time updates for seamless user interactions.
- GitHub: [Sticknotes Web App](#)

### Utours API

- Description: RESTful API and web application for tourists.
- Technologies: Express.js, Mongoose, Pug templates, MongoDB.
- Key Features:
  - Implemented Mongoose model schemas for 'Tours', 'Users', 'Booking', and 'Review'.
  - Developed routes for CRUD operations on tours, users, reviews, and bookings.
  - Integrated Stripe payment gateway for secure payments.
  - Enabled user authentication via JWT.
- GitHub: [Utours API](#)

### Bored API

- Description: A web application leveraging an external API for activity suggestions.
- Technologies: Express.js, body-parser, Axios, EJS.
- Key Features:
  - GET route: Fetches a random activity and displays it using an EJS template.
  - POST route: Handles form submissions and renders activities based on user input.
  - Error handling for failed requests or unmatched activities.
- GitHub: [Bored API](#)

## Education

- B.Sc. Computer Science  
Michael Okpara University of Agriculture, Umudike, Abia State, Nigeria  
Graduation Year: 2021

## Certifications

- Full Stack Web Development Certification (Udemy, 2024)
  - Gained hands-on experience in building full-stack applications.
- Google UX Design Certificate (Coursera, 2022)
  - Mastered end-to-end UX design processes including user research, wireframing, and prototyping.
